## PROGRAMS AT GINGERBREAD SCHOOL 2022-2023

Please check which program works for you and your child.

### **Beginner Preschool Programs (for 3 year olds before August 1st) –**

The 2 day and 3 day preschool program is aimed at social development. We incorporate hands-on activities and include many projects designed to stimulate academic curiosity and growth that entertain as well as promote interaction with others. Our goal is to have a room filled of age-appropriate activities for a three year old to learn how to play, share, and to be happy at school. A variety of hands-on experiences and no fail activities are offered. In this class we will work with the children on fine and gross motor skills as well as begin to recognize letters, numbers, shapes and colors.

We cover all aspects of readiness including letters, numbers, fine and gross motor skills, as well as speech and language development.
